JOB DETAILS

The Quality Assessments Division of Smithers (SQA) is looking for a Manager of Automotive (IATF) Sector in our North America office. This position oversees and directs all activities in this sector, focusing on development, application and maintenance of quality standards and oversight requirements.

Responsibilities include a working knowledge of government and industry requirements and standards, support of both internal and external customers and accreditation body audits for the Technical sector. This position performs quality reviews to compliance requirements, ensures maintenance of external database metrics requirements as well as ensures appropriate response to identified internal and external non-conformances.

This role also manages financial targets, generates revenue, manages audit scheduling, determines auditor resourcing needs and develops training modules for staff, auditors and clients.

This position manages auditors and sector Operations Support Coordinator(s) and is a member of the SQA Management Team.

EDUCATION AND/OR EXPERIENCE:

- A Bachelor's degree is preferable but minimum of an Associate degree (A.A.) and two to four years related technical sector experience and eight to ten years' experience in Quality Assurance environment in technical sector.
- Must have knowledge of Quality Systems requirements. Prefer knowledge of Accreditation Requirements (e.g. ISO 17021 and the MD series of Standards).
- Must have knowledge of knowledge of sector specific requirements (IATF 16949, IATF Rules x Edition).
- Lead auditor credentials preferred.

This position is required to travel a minimum of 25% of the time and increases when auditing.

Competitive salary and benefits.

Smithers Quality Assessments is a third-party certification body, providing services to various manufacturing and service industries including chemical products, rubber and plastics, petroleum and natural gas, fabricated metal, pharmaceuticals, medical devices, and paper products as well as the aerospace, automotive, snow and ice management, defense/military, transportation industries and more.

Equal Opportunity Employer/Protected Veterans/Individuals with Disabilities

The contractor will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. However, employees who have access to the compensation information of other employees or applicants as a part of their essential job functions cannot disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a) in response to a formal complaint or charge, (b) in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or (c) consistent with the contractor's legal duty to furnish information. 41 CFR 60-1.35(c)
