SUBJECT: IATF 16949:2016 and Rules 5th Edition – Release of Frequently Asked Questions (FAQs)

The purpose of this communiqué is to advise all IATF-recognized certification bodies, suppliers, and other key stakeholders that the IATF has approved eleven (11) Frequently Asked Questions (FAQs) for the IATF 16949:2016 automotive quality management system standard and one (1) new FAQ for Rules 5th Edition.

FAQs further clarify an existing requirement; no change has been made to the respective requirements in the IATF 16949:2016 automotive quality management system standard or the Rules 5th Edition as a result of these FAQs.

These FAQ clarifications are being communicated in October 2017 and are effective as of publication of this CB Communiqué 2017-010.

The IATF 16949:2016 and Rules 5th Edition FAQ files are located on the IATF Global Oversight website: www.iatfglobaloversight.org.
