

SUBJECT: Launch of IATF Stakeholder Communiqué Process
ISSUE DATE: March 2020
REF: 001

IATF Oversight

IATF Stakeholder Communiqué

The purpose of this Communiqué is to advise all IATF Stakeholders of a new IATF Stakeholder Communiqué process.

The IATF will continue to issue CB (Certification Body) Communiqués as a means to clearly communicate any CB-related process changes and other IATF contractual information.

The IATF is now adding the IATF Stakeholder Communiqué process to ensure all interested parties are aware of IATF scheme developments and that this information is clearly communicated to those interested parties.

All IATF Stakeholder Communiqués will be posted on the IATF Global Oversight website:

<https://www.iatfglobaloversight.org/>

Please [subscribe](#) to our mailing list on the IATF Global Oversight website to automatically receive notification of these communiqués.

The screenshot shows the IATF Global Oversight website. The navigation menu includes: IATF 16949:2016, Rules 5th Edition, IATF CB Communiqués, IATF Stakeholder Communiqués (highlighted with a red box and arrow), OEM Requirements, IATF Publications, and IATF Certification Bodies. Below the menu is a 'Latest News' section with a news item dated 18 December 2019. The news item is titled 'Stellenausschreibung VDA QMC - IATF 16949' and describes a vacancy at the VDA QMC in Berlin, Germany. To the right of the news item are three sections: 'IATF Global Oversight Offices' with logos for ANFIA, IAQB, IATF FRANCE, SMMT, and VDA | QMC; 'Auditor Development Process' with an 'Enter' button; and 'New Auditor Training Info' with an 'Enter' button.

If you have any questions, please [contact](#) IATF Oversight.
