IATF Stakeholder Communiqué

The purpose of this Stakeholder Communiqué is to advise all IATF stakeholders the completion of the steps to incorporate Jaguar Land Rover (JLR) Limited into the IATF 16949 scheme processes and systems. Please see the following IATF voting member graphic (below) now incorporating Jaguar Land Rover

IATF Voting Members

OEMs

Automotive Industry Associations

As an IATF Stakeholder, what does this integration of Jaguar Land Rover Limited mean?

IATF OEMs and National Associations

As stated in [CB communiqué # 2019-010](#), JLR were unanimously voted into the IATF as an OEM voting member. This has resulted in active participation by JLR with the other IATF OEM members and the IATF National Associations in the development and maintenance of all IATF processes and requirements.

IATF contracted Certification Bodies

The addition of JLR as an IATF OEM leads to the following responsibilities:

SUBJECT: Full Integration of Jaguar Land Rover (JLR) Limited into IATF
ISSUE DATE: May 2020
REF: 005

- When requesting client information for audit planning, the CB must inform the client that JLR are now an IATF OEM and must ask for all customer performance scorecards, customer special status notifications and customer complaints, etc. related to JLR as applicable, in addition to the existing IATF OEMs, per [IATF Rules 5th edition SI 9-10](#)
- Refer to the relevant JLR [Quick Reference Guide](#)
- Become familiar with the JLR Customer Specific Requirements published on the [IATF Global Oversight](#) website
- If JLR have assigned any OEM Supplier Code(s) to the certified organization site, enter the relevant code(s) into the IATF database using the field marked “JLR Ltd.” Per [CB Communique 2020-004](#)

Certified Organizations

Where certified organizations have JLR as an automotive customer, they are to understand and implement the [JLR Customer Specific Requirements](#). Please inform your Certification Body that JLR is a customer (if applicable).

IATF Oversight Offices

The IATF Oversight Offices will assist their contracted Certification Bodies in addressing any concerns regarding the integration of JLR into IATF processes.
