

Customer Specific Requirements applicability

To All Suppliers and Certification Bodies:

Further to the creation of Stellantis N.V. through the closing of the cross-border legal merger between Fiat Chrysler Automobiles N.V. (FCA) and Peugeot S.A. (PSA) on January 16, 2021, organization and process convergence has begun.

Even though current supplier quality policies of former FCA and former PSA have the same expectations based on IATF16949 requirements, we are in the process of streamlining our procedures and IT systems to the full extent.

In consequence, Customer Specific Requirements for former FCA remain applicable.

Thank you for your continuing support of IATF16949.
