

SUBJECT: Addition of IVECO Group as a new voting member of IATF
ISSUE DATE: January 2022
REF: 001

IATF Global Oversight

IATF Stakeholder Communiqué

The purpose of this Stakeholder Communiqué is to advise all IATF Stakeholders of the addition of IVECO Group as a new voting member of IATF.

Consistent with the IATF's "Global Growth" imperative, at the IATF 2021 November virtual meeting, the IATF unanimously voted to welcome IVECO Group into the IATF as an OEM voting member. This marks a significant milestone in the history of the IATF as IVECO Group will be the first dedicated Heavy Truck and Commercial Vehicle member to join the IATF and is a clear signal of IATF's intent to boost the scheme's growth in different areas of the automotive sector.

IVECO Group has shown continued commitment to the IATF scheme by requiring its suppliers to be certified to IATF 16949.

The inclusion of IVECO Group into the IATF will contribute to the IATF's capabilities as we prepare to embrace the challenges facing the automotive industry and ensure that the IATF scheme remains effective for today and fit for the future.

IVECO Group's nominated representative is Luca Germani. His first official IATF meeting will be January 2022.
