IATF Global Oversight IATF Stakeholder Communiqué

The purpose of this Stakeholder Communiqué is to advise all IATF Stakeholders the IATF has approved the publication of the following under the “Statistics” menu on the IATF Global Oversight [website](#).

- Top 10 IATF 16949 major and minor nonconformities from certification body audits globally
- IATF certificate distribution map showing the total number of IATF 16949 certificates for countries with greater than 500 certificates and by region

The sharing of this information will allow organizations to understand the trends in nonconformities issued by all IATF certification bodies worldwide and the global distribution of IATF 16949 certificates.

The nonconformity reports represent mature nonconformity data from the previous rolling twelve (12) months. For example, a report published on 1 October 2022 represents data from audits conducted from 1 September 2021 – 30 August 2022.

The information will be available in English and Chinese languages only and will be updated monthly on the website.
