

SUBJECT: Addition of Volvo Group as a new voting member of IATF
ISSUE DATE: November 2023
REF: 004

IATF Global Oversight

IATF Stakeholder Communiqué

The purpose of this Stakeholder Communiqué is to advise all IATF Stakeholders of the addition of Volvo Group as a new voting member of IATF.

Consistent with the IATF's "Global Growth" imperative, at the 2023 October meeting, the IATF voted to welcome Volvo Group into the IATF as an OEM voting member.

Volvo Group is a well-known established Heavy Truck and Commercial Vehicle manufacturer with a consolidated global footprint.

Adding a dedicated Heavy Truck and Commercial Vehicle member to join the IATF is a clear signal of IATF's intent to boost the scheme's growth in different areas of the automotive sector.

Volvo Group has shown continued commitment to the IATF scheme by requiring its suppliers to be certified to IATF 16949.

The inclusion of Volvo Group into the IATF will contribute to the IATF's capabilities as we prepare to embrace the challenges facing the automotive industry and ensure that the IATF scheme remains effective for today and fit for the future.

Volvo Group's nominated representative is Pascal Leprompt. His first official IATF meeting will be December 2023.
